Queen of Hearts

You are my Queen of Hearts
My lady of happiness
My springtime, my flower
A sweet scent

You are always my Queen
My honoured servant
Exalting me
My fervent flavour

**An ocean of colour
A wave straight from the heart
My protective lighthouse
Without wick I'm dying, yes without you I'm dying**

You are my beautiful ink
My superior ingenuous
My inner page
A quill from far away

Tender healer
Your dazzling body
Healing my pain
And these dreamy blues

**An ocean of colour
A wave straight from the heart
My protective lighthouse
Without wick I'm dying, yes without you I'm dying**
