Just enough

Enough, enough, just enough

Children working
Nature raging
Travellers praying

Enough, enough, just enough
Already seen it, already had it, just enough

In Asia an infidel
A team that ridicule
A world greater than life

Enough, enough, just enough
Already seen it, already had it, just enough

Noise, rampaging
Heartless coupling
And a dose of transgressing

Enough, enough, just enough
Already seen it, already had it, just enough

Seen enough, oh oh oh, oh oh oh
Already seen, enough
