**Laëtitia**

Round another I did float  
By imprudence, I hit the wrong note  
In her voice I heard a faded sound  
In her eyes, a veiled look I found  
I'm here, she's here  
Hum, hum, hum...

**Laetitia has a lot of resentment**  
**She's pacing up and down**  
**Laëtitia doubts my sentiments**  
**She's pacing up and down**  
**Laëtitia**  
**Laëtitia**

She's angry with me since this confession  
And in her eyes, I see hope's regression  
For our tears, two hearts broken  
To conclude this chapter, a white flower token  
I'm here, she's here  
Hum, hum, hum...

**Laetitia still has a lot of resentment**  
**She's pacing up and down**  
**Laëtitia doubts my sentiments**  
**She's pacing up and down**  
**Laëtitia**  
**Laëtitia**

Time has passed, I am forgiven  
With care I reduced the division  
In her kiss a hint of bliss  
In her form a glimmer of hope reborn  
I'm here, she's here  
Hum, hum, hum...

**Laetitia still has this resentment**  
**She's pacing up and down**  
**Laëtitia doubts my sentiments**
